**Independent Multi-Link
Suspension**

For better drivability, and a comfortable,
steady ride

3,500 KG

Braked Towing Capacity†

Three Lock 4WD System

Three lock concepts that support
traction on all terrain types

Built to Explore

Engineered for work, weekend adventures, and everything in between, the MGU9 delivers a powerful 2.5-litre turbocharged diesel engine paired with 4x4 capability that ensures confident performance on Australian terrain.

Redefining Capability

Independent Multi-Link Suspension

Engineered for Australian terrain, the independent multi-link suspension smooths out road noise and vibrations for a comfortable, refined ride.

4x4 Capability.

The 4x4 system with ZF 8-speed automatic and BorgWarner front and rear diff locks delivers smooth, efficient performance and maximises traction across all conditions.

Tub Capacity.

The tub offers 1,200L of space (1,500mm wide, 1,561mm high) expanding to 1,600L with the Smart Hatch and MultiFold seats, accommodating items up to 2.4m* long.

Smart Hatch (Mid Gate) and MultiFold Seats.

An electronic retractable rear panel links the cabin to the tub, while MultiFold seats fold flat creating flexible load space for oversized gear, DIY projects, or adventures.

Available on the Explore Pro variant as an add-on option.

Electric Folding Tailgate with Rear Step

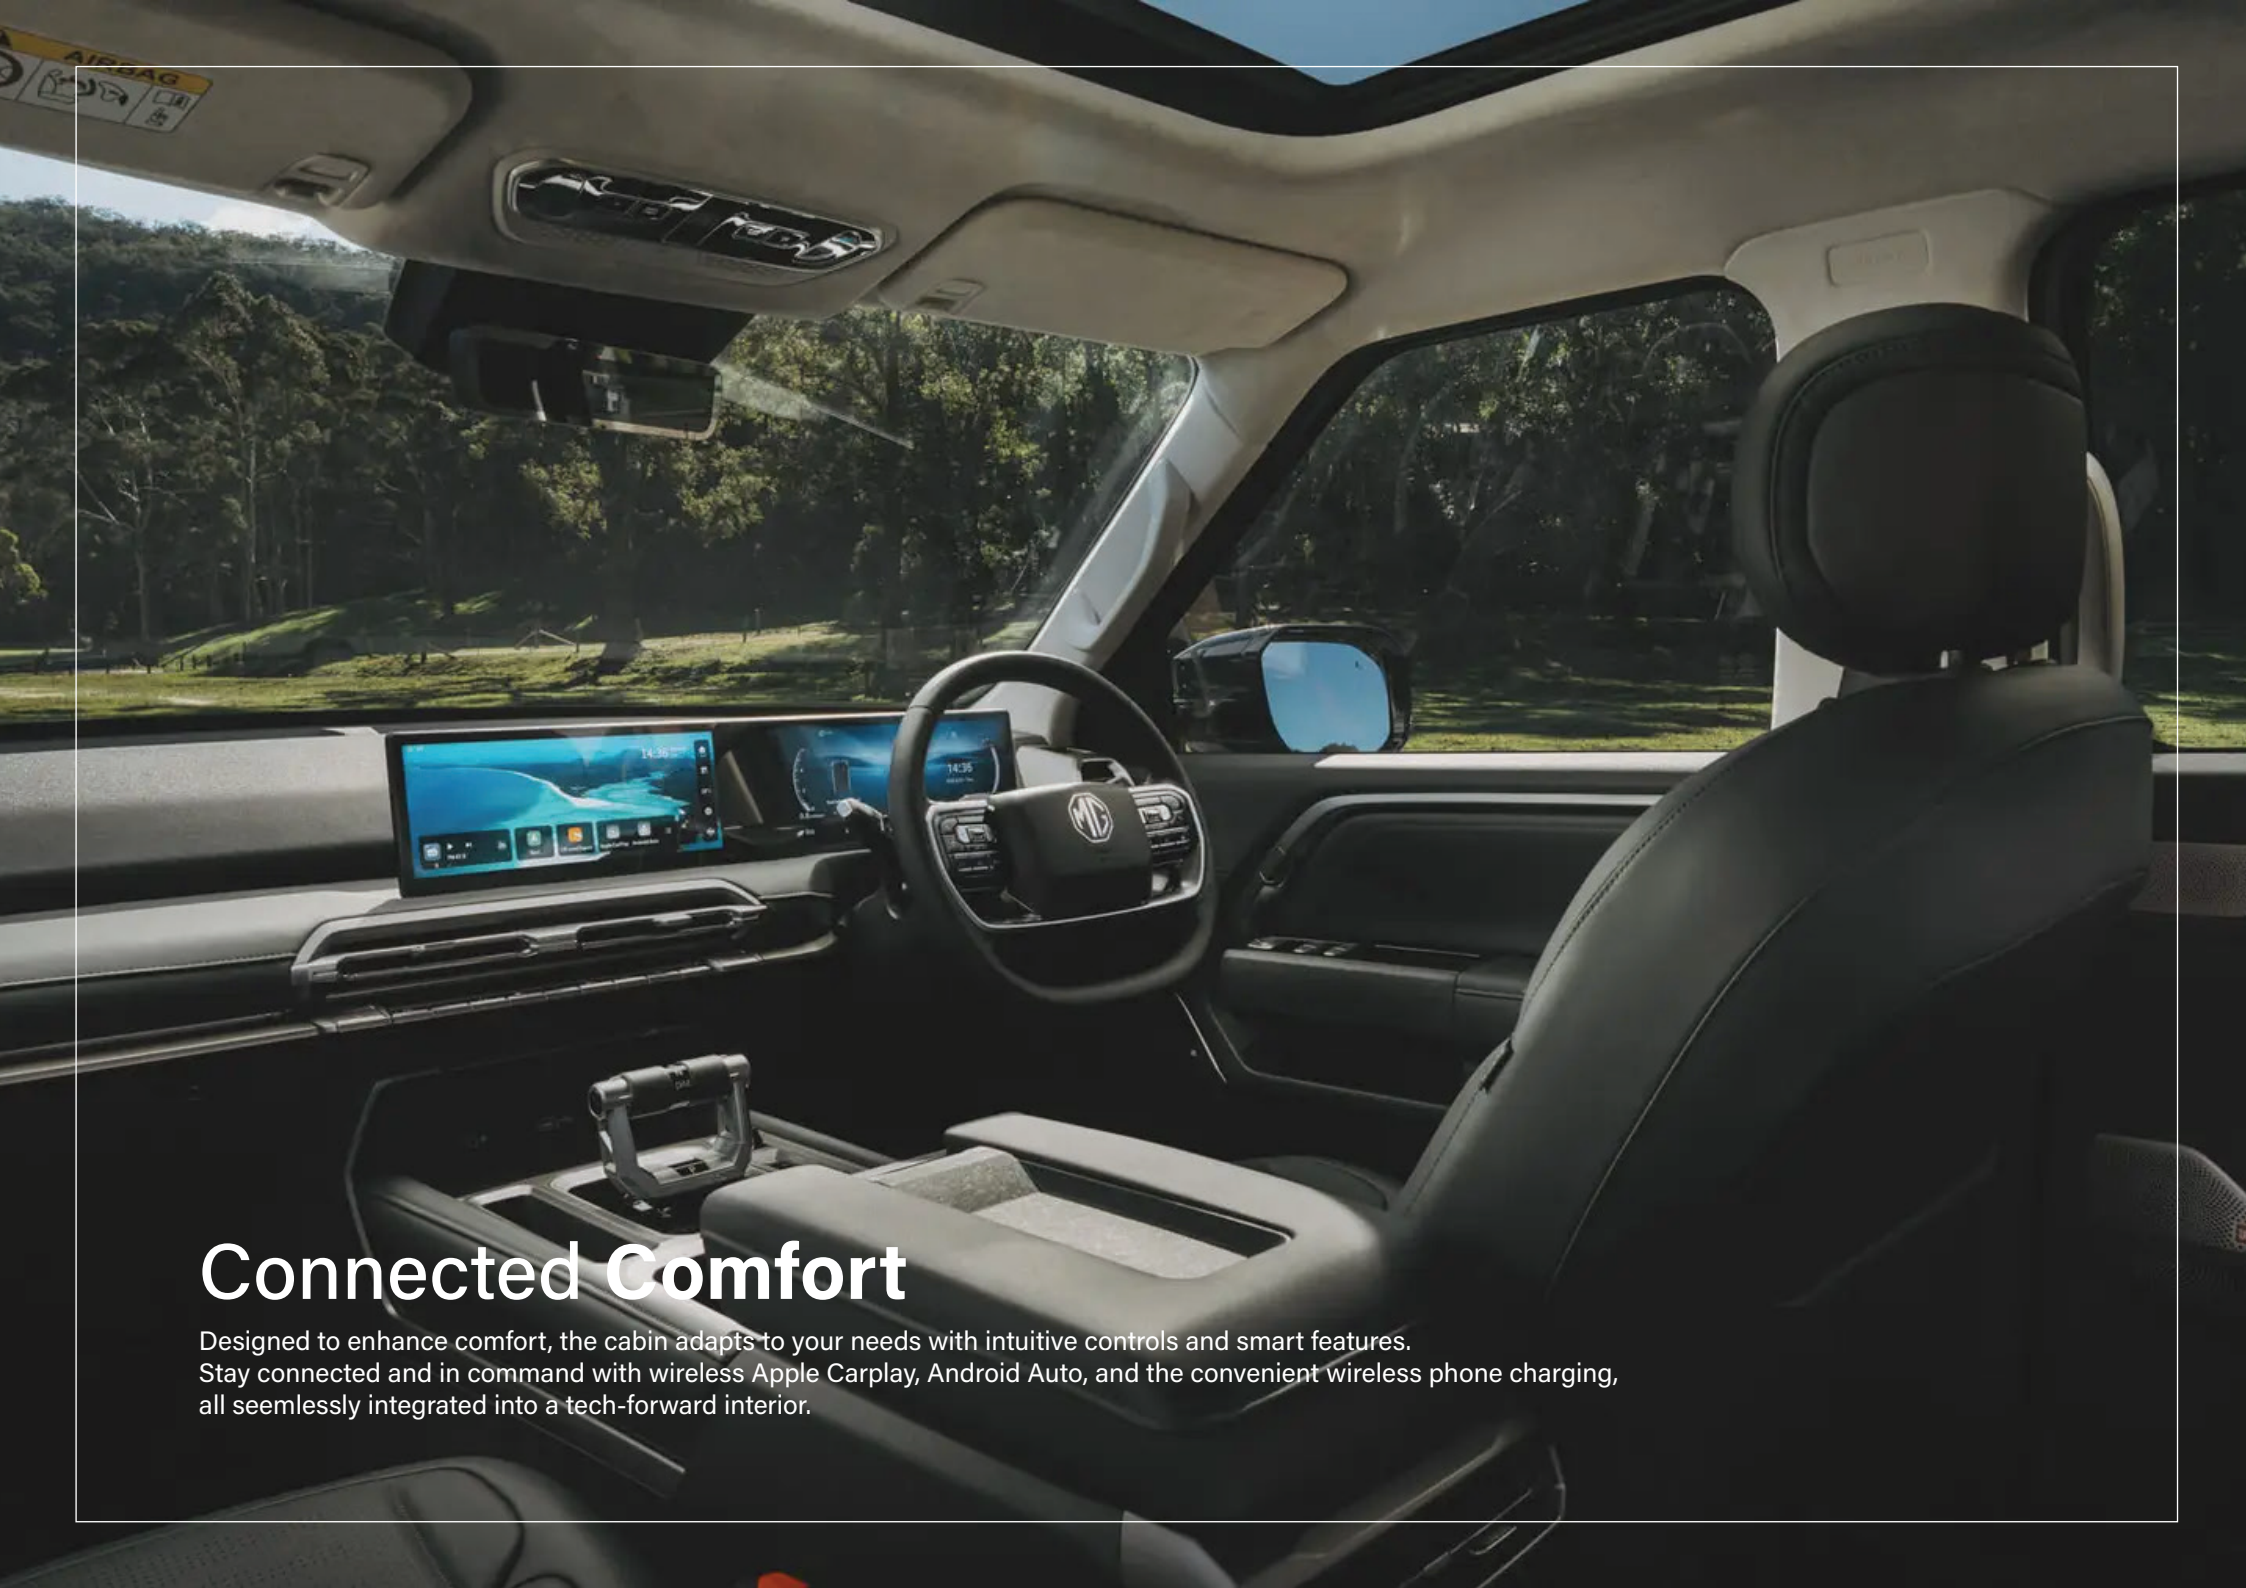

Designed for practicality, the tri-step tailgate makes accessing the tub easier and safer. With three folding steps built into the tailgate, it provides a stable, user-friendly way to climb in and out of the load area.

Available on the Explore Pro variant.

Smart Hatch

Unlock up to 1,600L of space and carry cargo up to 2.4m* long with the Smart Hatch Midgate - Seamlessly connecting the cabin to the tub to create one continuous space for oversized gear or the ultimate tailgate setup. Available on the Explore Pro variant as an add-on option.

The image shows the front interior of a car. A large panoramic sunroof covers the top of the cabin. The dashboard features a wide digital display showing a blue-themed interface with various icons and the time 14:36. The steering wheel has the MG logo. The center console has a gear shifter and handbrake. The seats are black leather. The view through the windshield shows a lush green landscape with trees and a fence.

Connected Comfort

Designed to enhance comfort, the cabin adapts to your needs with intuitive controls and smart features. Stay connected and in command with wireless Apple Carplay, Android Auto, and the convenient wireless phone charging, all seamlessly integrated into a tech-forward interior.

Heated & Ventilated Front Seat &
Driver Massage Seat

2.4m loads open Smart Hatch

Panoramic Sunroof

JBL Sound System

Ultra-modern Gear Shifter

360° High Definition Camera

Off-Road Expert Mode

Explore your environment more freely with real-time vehicle status.

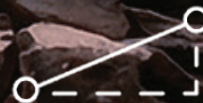

Crawl Control Mode

Enhances control on rough or steep terrain by optimising throttle, braking, and torque for smoother, steadier progress.

Transparent Chassis

A clear view of the undercarriage, helping you navigate

Track Approach

Displays the vehicle's front clearance to help you tackle steep inclines and uneven terrain safely.

Wading Sensor

Ultrasonic sensors measure water depth, helping you manage river crossings and wet terrain safely.
